**TO:** Universidad de Cordoba Colombia

**RE: Universidad de Cordoba One Health Research Official Partnership and Membership Certificate**

Dear Professor Doctor Rector JAIRO TORRES OVIEDO,

The One Health Latin America Partnership Programme is an official organization and member of the World Veterinary Association and the One Health Commission. Together with the Comparative Medicine and Global Health Departments from the School of Medicine, and the Center for One Health Research (COHR) from the School of Public Health, we certificate **University of Córdoba, TIN: 891080031-3 Monteria COLOMBIA** to become an official member of the International One Health Collaborative Training and Research Interdisciplinary Partnership. The ONE HEALTH COLOMBIA was officially established in October 25 2018 during the First One Health International Symposium, at the University of Cordoba.

Faculty members, researchers and clinical professionals of the One Health Programme of several countries participate as invited Discipline Guests, Thesis Committee Members and could be available to Mentor/Co-Mentor undergraduate and graduate students through the One Health Post Graduate Programme. Researchers have the opportunities to develop collaborative research partnerships between institutions with benefits in research projects. In addition, the main goals of a mutual partnership and agreement are:

- Initiate a collaborative approach to evaluate, treat and prevent common and emerging diseases affecting animals and humans. This will include efforts to encourage development of new discoveries and advanced diagnostic technology.
- Contribute to the development of proper training of professionals, in order to develop skills, expertise, and competencies in One Health. An aspirational goal of these efforts will be the development of an integrated curriculum and outreach programs to train students and professionals with the global view of the One Health/Eco Health and Planetary Health approaches for Human, Animal and Environmental Conservation and Health working directly with local communities.

The One Health Partnership Programme has established research partnerships with international academic institutions in the USA, Europe, Asia and Latin America that will increase opportunities for ONE HEALTH COLOMBIA faculty, researchers, community leaders and students. With this Certificate we officially welcome the University of Cordoba and One Health Colombia Commission to the One Health World community.

Sincerely,

*Klaisy Christina Pettan-Brewer DVM, MSc*

President - One Health Brazil Latin America (Official Member of the World Veterinary Association since 2016)

*One Health Fulbright Scholar - Ambassador; Veterinarian, Lecturer and Director*
